IMPROVEMENTS AND FUTURE PLANS

Having taken over Victoria Lodge in May 2008 we have refitted 3 bathrooms, decorated 8 rooms, introduced fresh fruit and yoghurts to the breakfast and improved the standard of the ingredients used. Chairs in the public areas have been recovered and many pictures replaced.

A new hot water system has vastly improved the performance of the showers much to everyone's delight!

The fire alarm system has been upgraded.

Wifi is now available and free.

Future plans include continuing to refit bathrooms and redecorate rooms and upgrade the televisions to flat screen. We are hoping a wireless system will soon be available.
